**Company:**

**Years in the company:**

**Years in the region:**

**1.** How have you fostered team performance, capability and culture – including developing people through mentorship or sponsorship, improving employee retention, engagement and morale, implementing effective organisational policies, and driving CSR or internal initiatives – and what recognition or outcomes (such as awards, promotions, culture shifts or influence) demonstrate your leadership impact?

**2.** What original strategies, creative solutions, or new processes have you introduced – whether through innovative use of technology, experimentation or risk-taking – that have led to measurable business results, scalable initiatives, or transformative changes for your brand or organisation?

**3.** What results have your marketing initiatives and leadership delivered in terms of revenue growth, market share, profitability, client retention, satisfaction, loyalty, achievement of KPIs, efficiency, ROI, and other outcomes such as strengthened client relationships, team confidence, or enhanced market presence?

**4.** How have you contributed to strengthening your brand's equity, positioning and perception – through initiatives or campaigns that improved awareness, preference, consideration, trust, and long-term differentiation – and what tangible or intangible outcomes demonstrate this brand-building success?

**5.** What purpose-driven initiatives or ESG/CSR programmes have you led that authentically reflect your brand's purpose, benefitted communities, the environment, or social causes, and generated measurable or intangible outcomes such as engagement, awareness, goodwill, or long-term societal impact?

**6.** How have you contributed to advancing the marketing profession and inspiring peers – through mentorship, workshops, thought leadership, participation in trade associations, or other initiatives – and what value, whether tangible or intangible (such as influence, reputation or knowledge-sharing), have you added to the wider marketing ecosystem?
